Lamb Weston®

NATURAL DEMAND AND NATURAL FLAVOR MAKE ALEXIA A NATURAL FIT.

Made from 100% organic russet potatoes, all-natural sweet potatoes and heirloom potato varieties, Alexia products feed the ever-growing demand for natural options, while also providing gourmet-quality flavor and outstanding performance.

According to the Organic Trade Association, “Traditionally, restaurants set food trends that trickle down to the retail level. But for organic and natural foodservice, the reverse is true.”

Every day, more and more often, health-conscious consumers are looking for products that they can trust to provide true, natural flavors. Alexia is the perfect menu option to serve both them and your business.

All Alexia products are

- Natural color and flavors
- Non GMO (genetically modified organisms)
- Zero grams trans fat
- Gluten free
- Cut to Lamb Weston’s exacting quality standards

Planting the seed for renewable energy

A portion of Alexia’s proceeds are used to purchase renewable energy credits (Green Tags) from the Bonneville Environmental Foundation that help purchase output from large wind generation facilities, support solar and biomass energy resources, as well as fund renewable energy projects and watershed restoration.
