HOUSE CUT FRIES™

THE BEST OF BOTH WORLDS: THE FEATURES OF FRESH-CUT FRIES WITH THE QUALITY AND CONVENIENCE OF FROZEN.

New Lamb's Natural House Cut Fries eliminate the extra time, labor, waste and cost of preparing fresh fries, but provide all the appealing attributes. Sliced from the finest potatoes with the skin on, House Cut Fries are minimally processed to cook up with the taste, texture and authentic appearance of fries prepared back-of-the-house.

PROFILE OF HOUSE CUT FRIES

CONSISTENCY AND CONVENIENCE

Lamb's Natural House Cut Fries provide consistency in sizing, pricing and yield that is simply impossible to achieve cutting fresh, raw potatoes back-of-the-house. Made to exacting specifications they eliminate quality issues associated with buying and preparing fries from fresh potatoes. And with House Cut Fries you are not subject to the price fluctuations of raw potatoes that make it difficult to manage costs.
