# A new world of flavor in every ring.

Four new, enticingly exotic flavor profiles that will take your customers on an unforgettable taste trip, without leaving the table. Our innovative flavoring process and premium, sweet Spanish Onions let you offer a completely unique taste experience that will captivate your customers and bring them back for more.

# Onion Rings with a 360° difference.

New Tantalizers® World Rings™ bring a new world of flavor right to the table with amazing tastes and premium quality. These gourmet breaded, flavored onion rings are made with our proprietary system that infuses each ring with a truly unique, international taste accent. Unlike anything else in the market today, our four ethnic flavor profiles will add an innovative and profitable difference to your appetizer, side dish and snack item menus.

South-of-the-border flavor comes alive with a popular chile lime flavor profile. Slices of sweet Spanish onions are covered with a Panko breadcrumb coating for a golden, crisp and spicy taste sensation.

Tempting island spices and toasted coconut shreds in the golden crisp Panko breadcrumb coating accent the natural sweetness of premium Spanish onion rings.

Inspired by popular American cuisine, sweet Spanish onion rings feature a perfectly seasoned crisp Panko breadcrumb coating, accented with freshly cracked black pepper for a bold and savory flavor.

A crispy, Panko breadcrumb coating and the signature flavor from our special blend of sweet, smoky and slightly spicy Indian seasonings make this sweet Spanish onion ring a distinctive addition to any menu.
